

# COSHH Risk Assessment

## CONTRACT GLASS & STAINLESS STEEL CLEANER (5 Litre)

Product Code: BA817-5

| PROCESS STAGE  | POTENTIAL RISK  | CONTROL MEASURES  | ACTION REQUIRED  |
|--|---|---|--|
| <b>DELIVERY</b>  |   |   |  |
| Packaged ready mixed in 2 x 5 litre containers. Delivered in single containers if required.  | Risk of spillage if the container is dropped. Risk of injury to user if dropped.                                    | Trained employees should handle only single containers at any given time. Take care not to drop the containers. Ensure that the cap is secure at all times.         | Transfer containers to store immediately following delivery. Do not leave containers in areas where users of the building will come into contact with them.            |
| <b>STORAGE</b>   |   |   |  |
| Containers must be stored upright in a cool, dry storage area. Product must be kept stored in its original sealed container.   | Minimal risk of spillage if triggers are firmly in place. Triggers are not child proof.                             | Keep containers in secure storage areas. Restrict access to storage areas to authorised personnel. Store away from oxidizing agents, strong acids and strong bases. | Use oldest stock first. Make regular checks to ensure that storage area is clean, tidy and cool. Make regular checks to ensure that containers are not split or blown. |
| <b>USAGE</b>   |   |   |  |
| Pour undiluted into trigger spray bottle. Spray onto cloth or paper towel, wipe and buff with a clean lint free cloth.   | Risk of eye contact. Risk of skin contact. Risk of ingestion. Risk of spillage onto floor and into drainage system. | Ensure that the container is returned to store when not in use. Always read the manufacturer's instructions prior to use.   | Protective gloves are recommended. Ensure that operatives are aware of location of First Aid facilities and personnel.   |
| <b>DISPOSAL</b>  |   |   |  |
| Empty containers must be rinsed thoroughly and disposed of as normal waste. Residual stocks may be disposed of into a foul sewer (sluice) using plenty of water. Recycle all containers wherever facilities are available. | Small risk of skin or eye contact. Small risk of inhalation and ingestion.  | Ensure that the container is exhausted before disposal. Ensure that the product is not disposed of via a rainwater sewer (i.e. drain outside the building).         | Ensure that all operatives wear personal protective equipment at all times.  |
